Hampton's Vegetable Tincture! THE GREAT DISCOVERY OF THE AGE! READ! READ! READ!

Joy to the World !- Hope for the Afflicted !- More

Testimony from Home! Baltimory from Home!

Baltimore, Sept. 11, 1851.

Messrs. Mortimer & Mowbray: I feel it a duty to make known the benefits I have derived from Dr. Hampton's Tincture. For a length of time I have been subject to great prostration of muscular power, and great debility of the nervous system, accompanied with palpitation and fluttering of the heart. I had such sudden attacks that on one occasion I could scarcely get home. I making mention of my case to a friend, he referred me to Joseph K. Stapleton, seq., an old and highly respectable eitizen of Baltimore, who had used the Tincture under similar circumstances. I called on Mr. Stapleton, and, after an interview of some minutes, I was fully satisfied of the medical virtues of the Tincture, from the evidence before me, of his own person, who, for some time previous, indicated a falling state of health, but now a hearty, hale appearance, with the activity of youth. I immediately commenced using the Tincture, and, before I took the contents of one bottle, my strength of youth. I immediately commenced using the Tinctur and, before I took the contents of one bottle, my streng

and, before I took the contents of one bottle, my strength was renewed, and I can walk as brisk and am as active as I was twenty years ago. This Tincture is the grand restorative of the digestive organs, which when destroyed, the whole system is in a state of suffering.

I do assert it is no humbug, but is, in reality, what it is represented to be by Dr. Hampton, the inventor.

Wonderful Cure of Hereditary Scrofula by Hampton's Vegetable Tineture! ton's Vegetable Teneture:

This certificate is from the pen of a gentleman whose name appears on the journal of Congress, one who is extensively and favorably known:

name appears on the journal of congress, one was a seried and favorably known:

"It affords me pleasure to state that Dr. Jesse Hampton's Tincture has effected a most extraordinary cure of my slave boy, Albert. The patient was three years old, and had the Scrofula—(his father was scrofulous.) The boy was a moving mass of sores from head to foot; the upper lids of the eyes were much swollen, and turned inside out, exhibiting horrible mattering ulcers that protruded over the eye-balls so as to produce blindness. It is strange, yet true, this child, that I felt resigned to see die as a relief from suffering, has been restored to health under the treatment of Dr. Hampton.

Portsmouth, Va., Aug. 18, 1851.

Mr. J. B. Boush—Dear sir: While I am, in general, opposed to patent medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family: and in dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

I am, respectfully, yours,

Vernon Eskridge,

Chaplain United States Navy.

Still another Witness for " Hampton's Vegetable

Still another Witness for "Hampton's Vegetable Tincture!"

This certificate is from one of our largest and most enterprising farmers—the owner of those splendid oxen exhibited at the late Agricultural Fair, and who, in person, did the ploughing, with the same, that took the premium. We mention this, as, before Mr. Horne took the Tincture, his condition was such as to despair of even visiting the Fair, much less taking such a laborious part as he did, to the astonishment of those who had seen his state a short time before:

Messra. Mortimer & Monobray—Gents: Having been afficted with Chronic Inflammatory Rheumatism for some time, in its worst form, I tried every remedy that came within my reach, without any success; in fact, my sufferings increased with every new remedy I tried, until I was scarcely able to walk, from the dreadful pains and swelling in my limbs. I had also an ulcer formed on my right wrist, which gave me intense pain.

When in this condition, Mr. Scott, Conductor on the Susquehanna Railroad, with several others, called my attention to the many wonderful cures made by Hampton's Vegetable Tincture. I determined to give it a trial, as a last resort. You well remember my sufferings at the time I got the Tincture from you—they were almost past endurance. I am happy now to inform you that, in a short time after taking it, I was relieved from pain, and could walk without difficulty, and in about four weeks I was enabled to take part in the ploughing match at our late Agricultural Fair. The ulcer on my wrist is now entirely cured, and I am in the enjoyment of the very best health, with no symptoms of my old disease; all of which I feel bound to say I owe to the great healing and restorative qualities of Hampton's Vegetable Tincture.

My great confidence in it has induced me to recommend it to others, and I have also seen its good effects in a number of cases. My little daughter had been in bad health for some time: no medicine seemed to reach her case, or to do her any good, until I gave her this Tincture of Hampton's which soon restored her to robust health. I do therefore cheerfully bear my testimony in favor of this valuable medicine, and I wish you to seed me a dozen bottles, that I

do her any good, under the control of the control o Monekton Mills, Baltin

Stronger-Still Stronger!

Can any unprejudiced mind in the world ask stronger testimony or more convincing proof of the great restorative and curative powers of Hampton's Vegetable Tincture that given below? The writer is one of our most highly esteemectizens, a man of integrity, and, it is extensively known has been for a long time suffering under disease; his alterest the control of the property of the suffering under disease; his alterest the control of the co appearance now is a subject of remark, and gives additional testimony and weight to the certificate below. He is also the son of the old Doctor Dunan, whose great skill as a physician is well known to most of the oldest inhabitants of this

sidan is well known to most of the oldest inhantants of the city:

Baitinore, Feb. 9, 1852.

Messrs, Mortimer & Mowbray—Gentlemen: It is with real pleasure that I am able to attest to the general healing and curative powers of Dr. Hampton's Vegetable Tincture. Some time during last November! was taken with a very bad and serious cough. I was advised to take Cod Liver Oil, and did so, but, getting no better, I was induced to try your Tincture. I got one bottle, and, before I had used it, all my cough left me. Permit me also to state, that for the last fifteen years I have suffered very much from Acute Rheumatism and Vertigo, confining me, at times, to my bed. I am fully convinced that I owe my present good health to the use of the Tincture, and a kind Providence.

You are, my friends, at liberty to use this as you may think proper; and believe me yours, very respectfully,

G. DUNAN.

It is extensively known that the undersigned has by the practicability of aerial navigation that all who have duly examined the subject are convinced; and no person, even of those whose interests are adverse to its success, can ofter a word of rational argument against it. Several model mechines have been constructed, and each of them has operated successfully; and one of them, sixteen feet long, carried a small steam-engine, by the power of which the machines have been constructed, and each of them has operated successfully; and one of them, sixteen feet long, carried a small steam-engine, by the power of which the machine was propelled, and, being guided by its own helm, travelled rapidly through the air, even against a breeze of wind, in direct lines or circles, according to the adjustment of its helm. This machine was witnessed and applauded by hundreds in New York and Boston, and notices thereof were published in several newspapers of those cities at the time. Since those experiments were made, the inventor has made additional improvements, whereby the inventor has made and into passage, which will not exceed \$25 per day. It is ascertained, by a minute and careful estimate, that an aeroport 150 feet long, and capable of carrying five persons at a speed of sixty miles per hour, may be constructed for \$1,500. Now, having been disappointed of the funds requisite to put this invention in operation on a scale of practical utility, I propose that if three hundred persons will subscribe five dollars each, payable when the whole amount of \$1,500 shall have been subscribed, I will forthwith construct this pioneer aeroport, (which may be done in six weeks;) and when this is put in operation, I can readily command the requisite funds for constructing a large aeroport, as above mentioned. CHAVING.—All who wish the luxury of an easy and clean shave, (we mean of the beard,) are recommended to call at S. Parker's Fancy Store on the Avenue, and obtain a supply of his Razor Strop Powder—a powder which has been found superior to any similar article ever before tried."—Not. Int.

We have other notices equally as flattering as the above, from Senators, Members of the House, Heads of the Depart-nents, and others.

Easy Shaving.—It will be seen by reference to Selby Parker's advertisement, that the Razor Strop Powder thereis referred to is strongly recommended in the National Intelligencer, by a gentleman who has proved its virtue and value. A respected citizen, who called upon us yesterday, assures us that he has tested the Razor Strop Powder, and found it to be worthy of the strongest recommendation.—Washington News. black earth, the result of decayed vegetation, which, properly composted, is a source from which the upland may be enriched at a reasonable cost. About 60 acres of the farm is woodland—growth principally oak and chestnut. The land, except the meadow, is undulating, and affords many beautiful sites for building. There are many springs of excellent water on the place, and it is noted for its healthfulness. The soil of the greater part of the upland is a sandy loam,

Washington, March 12, 1849.

We, the undersigned, having fairly tested Parker's Metallic Razor Strop Powder, to which the Maryland Institute has awarded a premium, take great pleasure in certifying that it will keep the Razor in fine smooth shaving order, without the use of the hone:
